1 Change History

1.0	21.05.2019	Document created.
-----	------------	-------------------

2 Document Introduction

This document is a guide on how to add *.fitbulut.com certificate to the list of trusted certificates on the client side, especially for SAP NW AS ABAP clients that will be connected to Foriba Cloud systems via HTTPs.

3 Abbreviations

Abbreviation	Description
Foriba Cloud	Foriba Cloud Platform
TRA	Turkish Revenue Administration
WS	Web Service
API	Application Programming Interface
SSL	Secure Sockets Layer
HTTP	Hyper Text Transfer Protocol
HTTPs	Hyper Text Transfer Protocol Secure – HTTP over SSL
*.fitbulut.com	Name of the certificate that is used on Foriba Cloud Platform
ICM	Internet Communication Manager

4 Obtaining Foriba Cloud SSL Certificates

To connect to the Foriba Cloud system, follow the link <http://api.fitbulut.com> and click the Download SSL Certificates button.

In the .zip file you downloaded, two different folders will be displayed as below.

Downloads > Sovos Cloud SSL Certificates > Sovos Cloud SSL Certificates > Sovos Cloud SSL Certificates				
Name	Date modified	Type	Size	
09.05.2019-11.08.2021	6/20/2022 2:20 PM	File folder		
14.07.2021-15.07.2022	6/20/2022 2:20 PM	File folder		
16.06.2022-17.07.2023	6/20/2022 2:20 PM	File folder		

Open the certificate folder you want to install, and then check that the files are on your computer.

This PC > Desktop > Sovos Cloud SSL Certificates > Sovos Cloud SSL Certificates > Sovos Cloud SSL Certificates > 16.06.2022-17.07.2023				
Name	Date modified	Type	Size	
AAA Certificate Services.cer	7/27/2021 1:27 PM	Security Certificate	2 KB	
fitbulut.com.cer	6/16/2022 5:20 PM	Security Certificate	7 KB	
Sectigo RSA Organization Validation Sec...	7/27/2021 1:28 PM	Security Certificate	2 KB	
USERTrust RSA Certification Authority.cer	7/27/2021 1:28 PM	Security Certificate	2 KB	

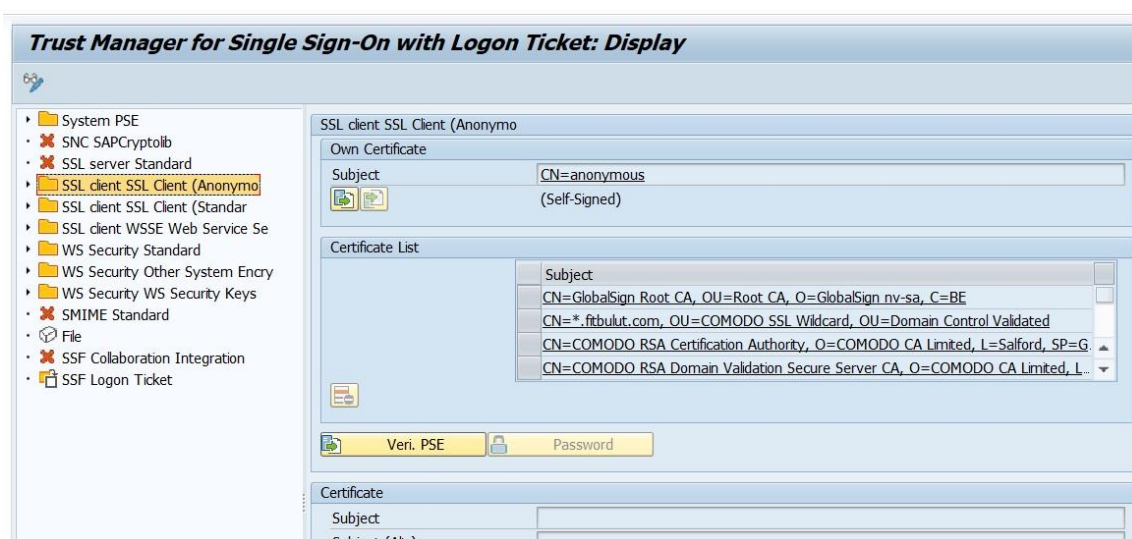

5 Installing Foriba Cloud Certificate on Client SAP ABAP Systems

The date of the certificate update process is announced in Foriba Cloud Systems in advance. Prior to this date, a new certificate must be defined in client systems. In this way, when the certificate update process is performed on Cloud systems, clients can continue to communicate without any interruption.

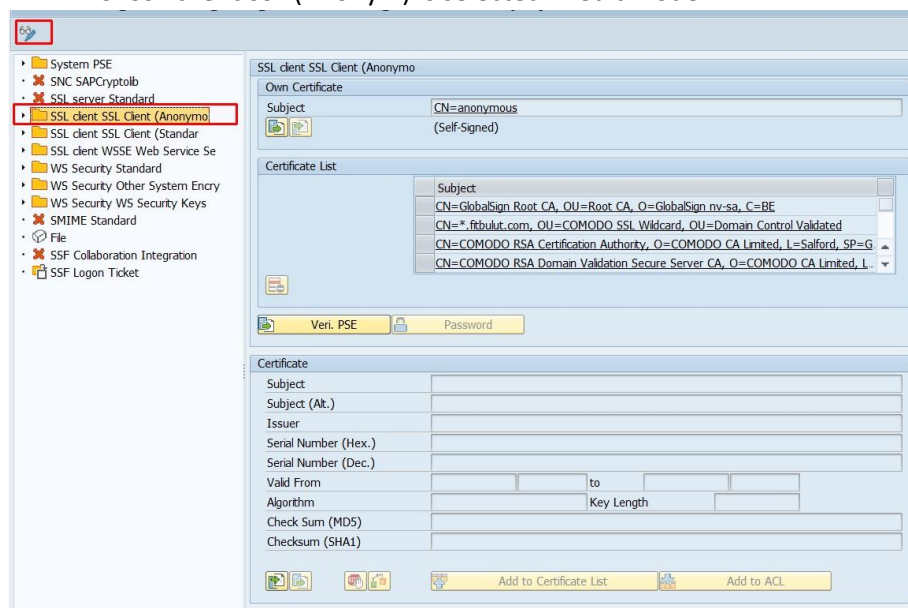

5.1 Uploading the Current Certificate to the SAP ABAP

In order to access the area where SAP ABAP has access to the SSL certificates of the servers it accesses, it is necessary to log in to the SAP GUI with administrator privileges and perform the following operations respectively. Login to NWA with Administrative privileges.

1. The SAP GUI is logged in with administrator privileges.
2. Stcode -> Login to STRUSTSSO2 tcode

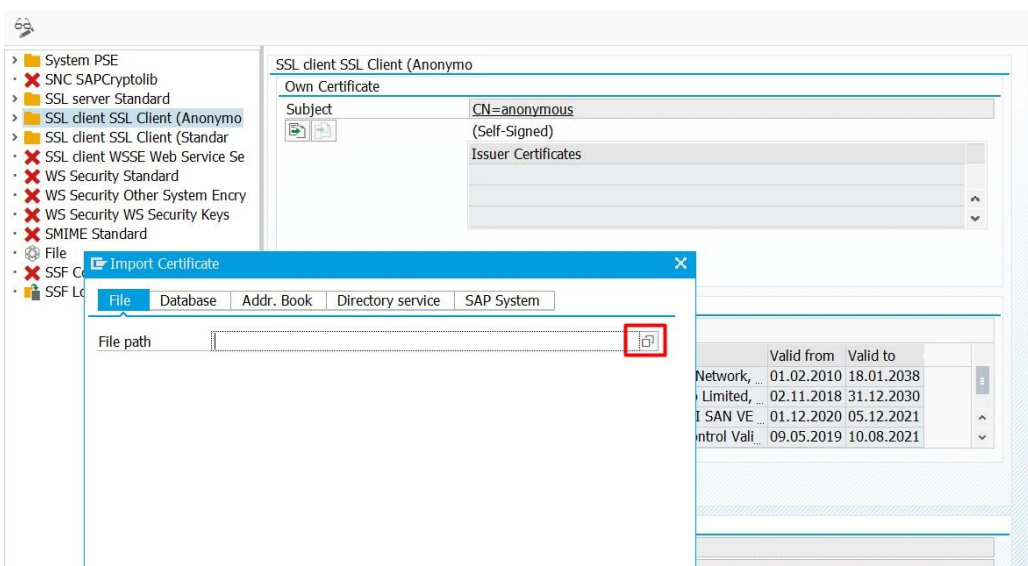

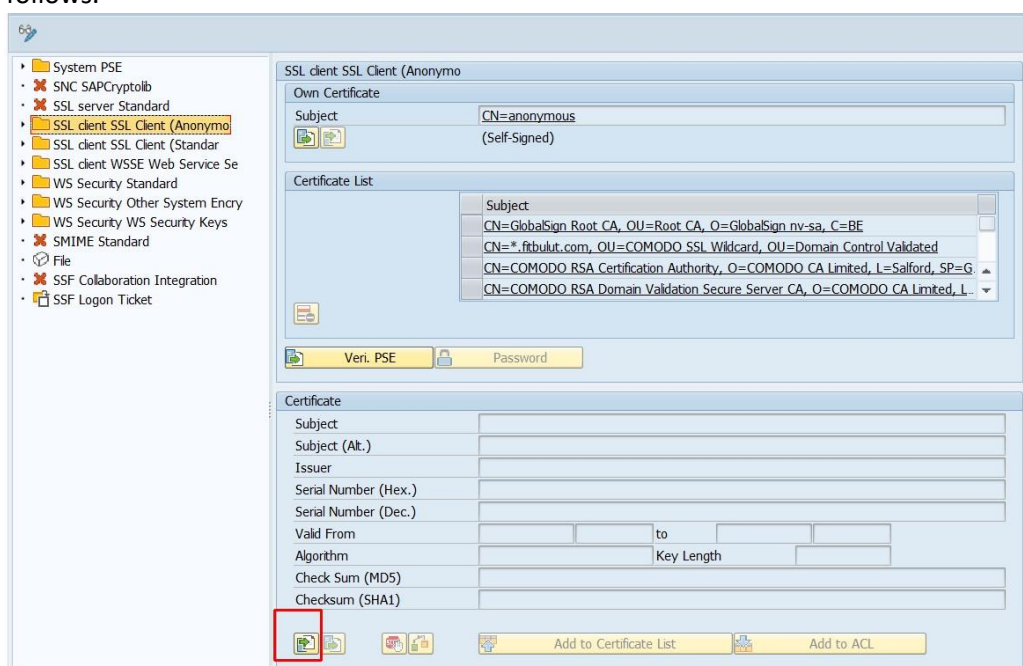

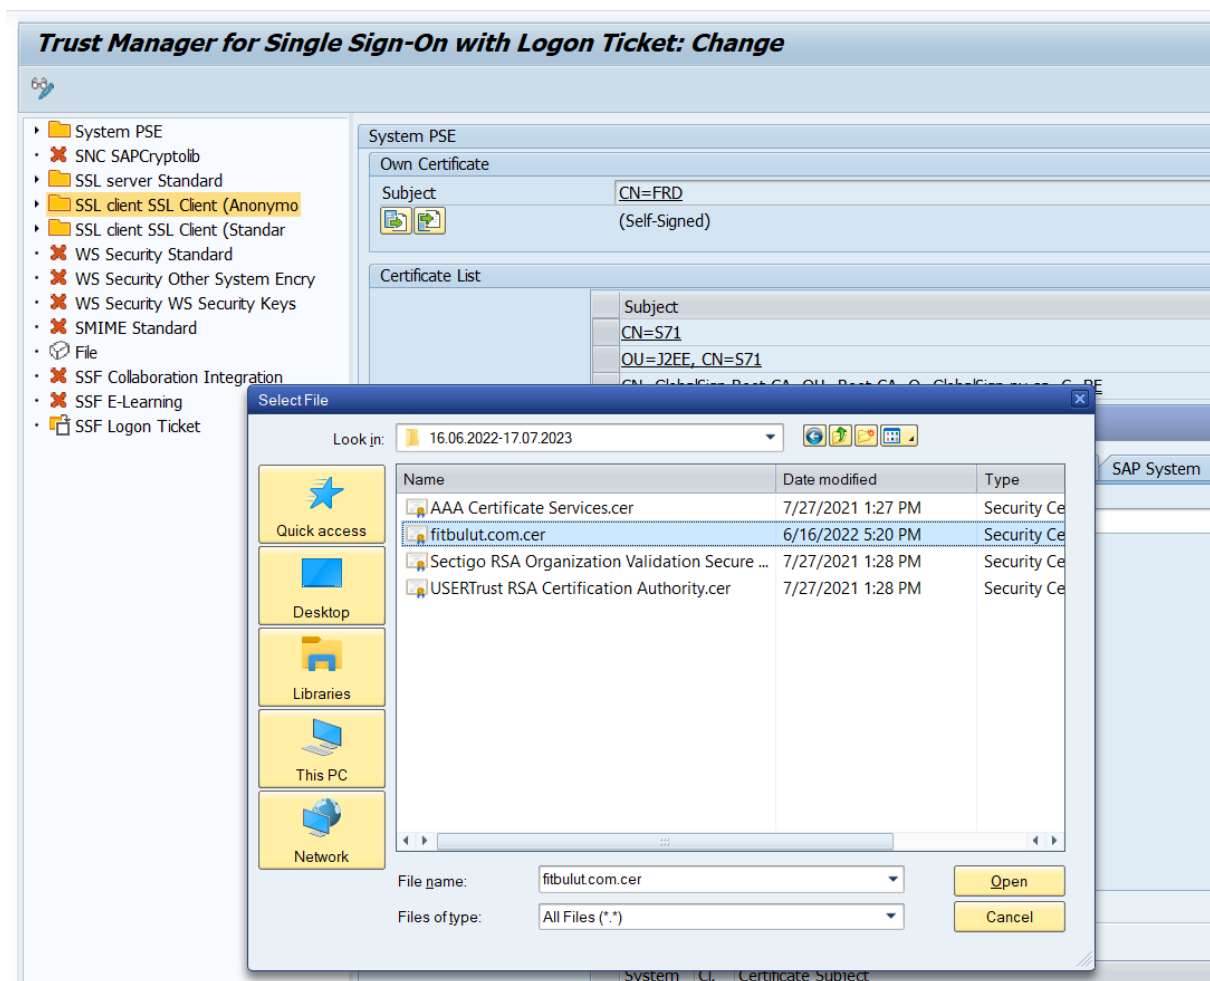

3. SSL client SSL (Anonym) is selected in edit mode.

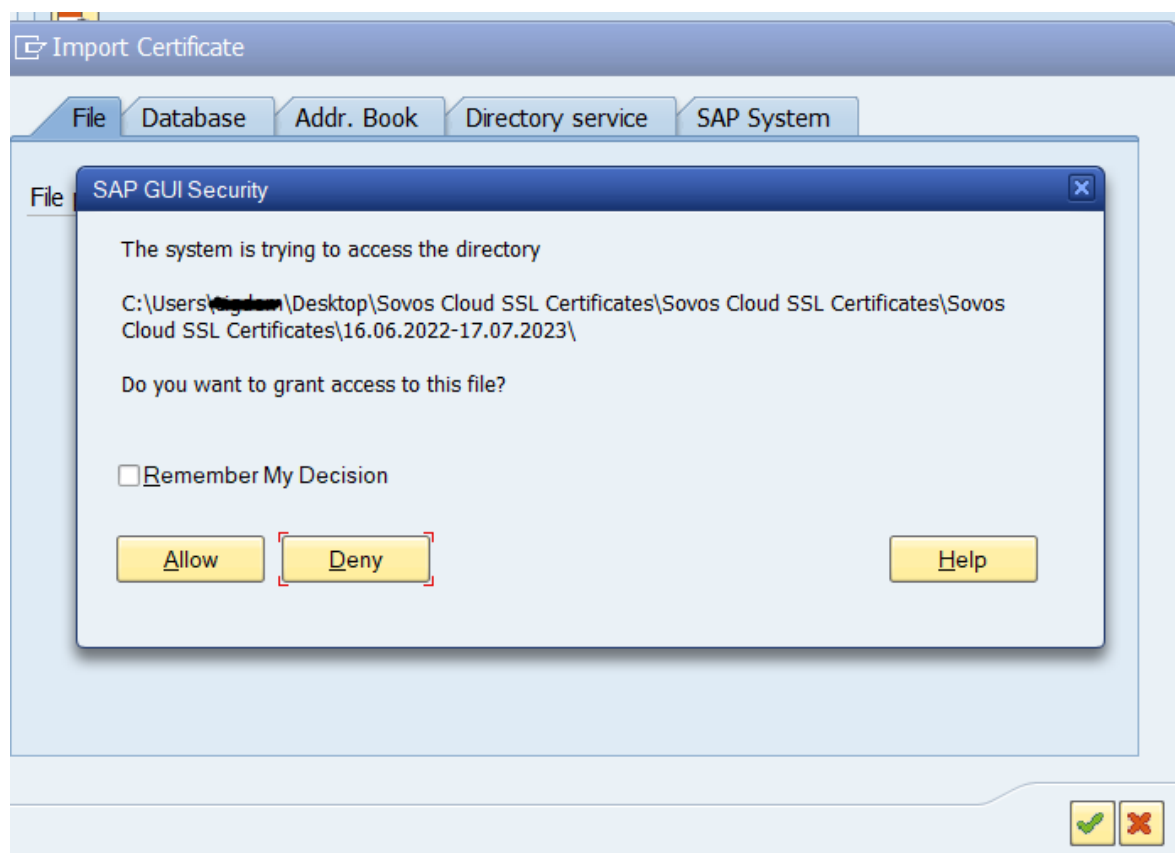

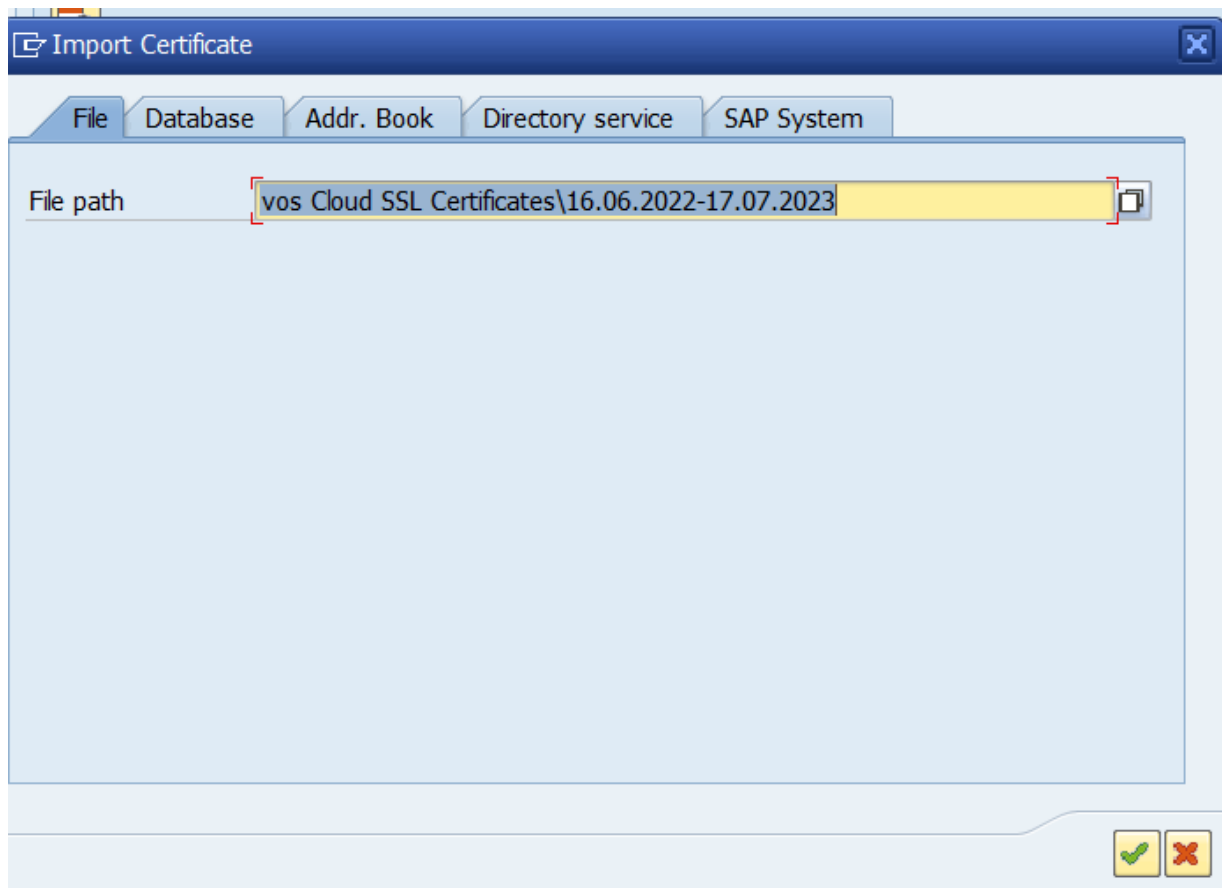

4. The root, intermediate roots and certificates of the system to be accessed in the Certificate section of Foriba are imported by clicking the **Import Entry** button. Sectigo's root, intermediate root and *.fitbulut.com certificate, a total of 4 import operations are performed.

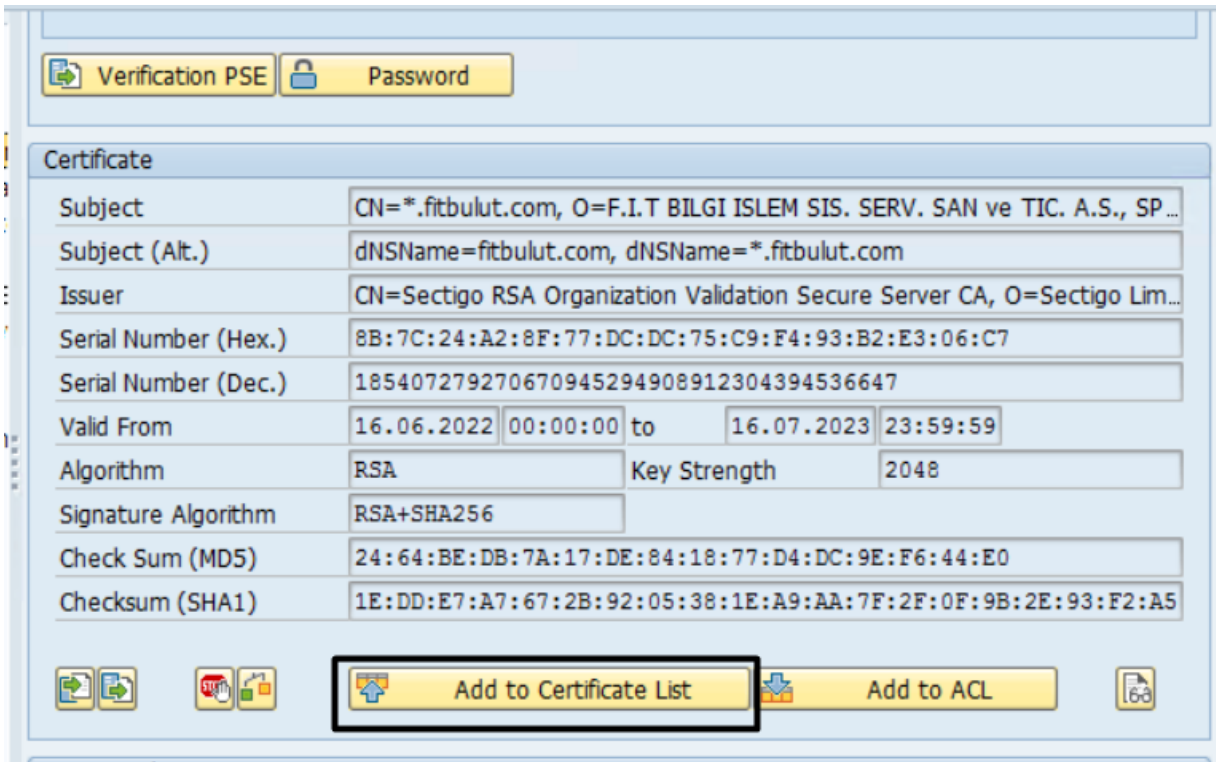

A total of 4 certificates, including root, intermediates and *.fitbulut.com certificates, are imported as follows.

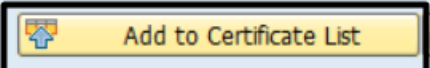

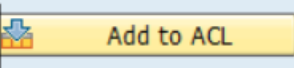

The certificate received in the Certificate section is taken to the Certificate List with the Add to Certificate List button. For all 4 certificates, the same procedure is performed by clicking the Add List button.

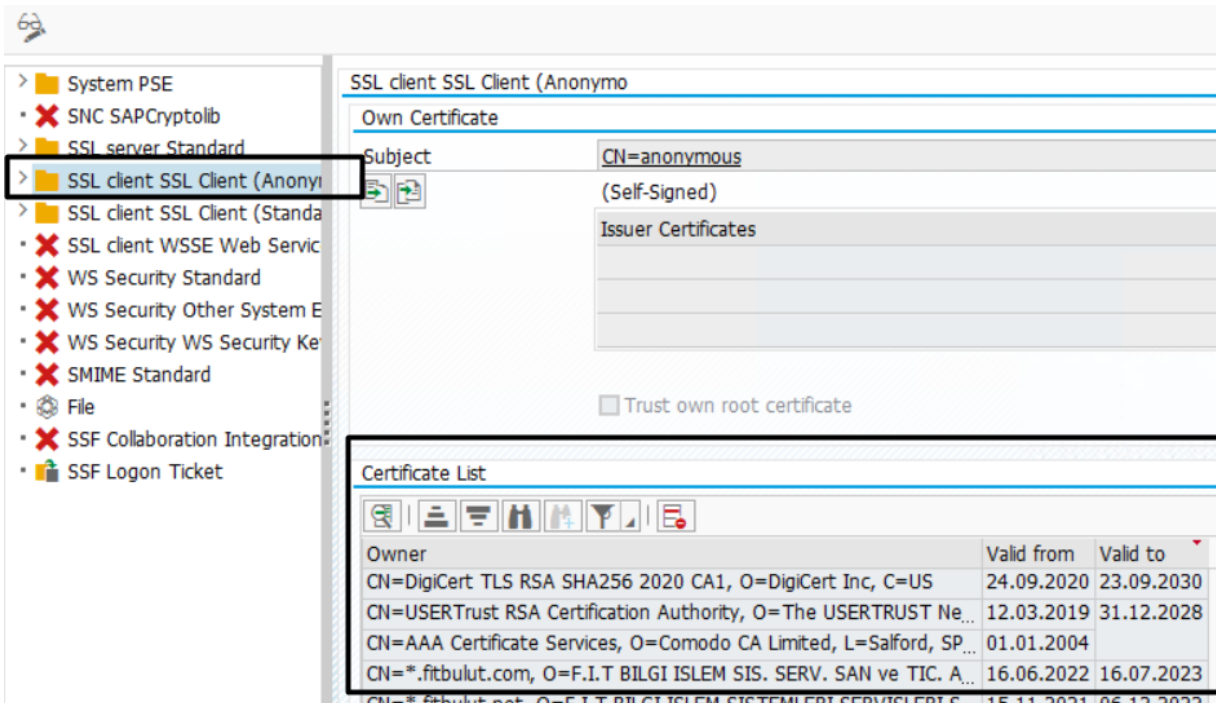

Verification PSE Password

Certificate

Subject	CN=*.fitbulut.com, O=F.I.T BILGI ISLEM SIS. SERV. SAN ve TIC. A.S., SP...		
Subject (Alt.)	dNSName=fitbulut.com, dNSName=*.fitbulut.com		
Issuer	CN=Sectigo RSA Organization Validation Secure Server CA, O=Sectigo Lim...		
Serial Number (Hex.)	8B:7C:24:A2:8F:77:DC:DC:75:C9:F4:93:B2:E3:06:C7

4 certificates should be included in the Certificate List section as follows.

SSL client SSL Client (Anonymo)

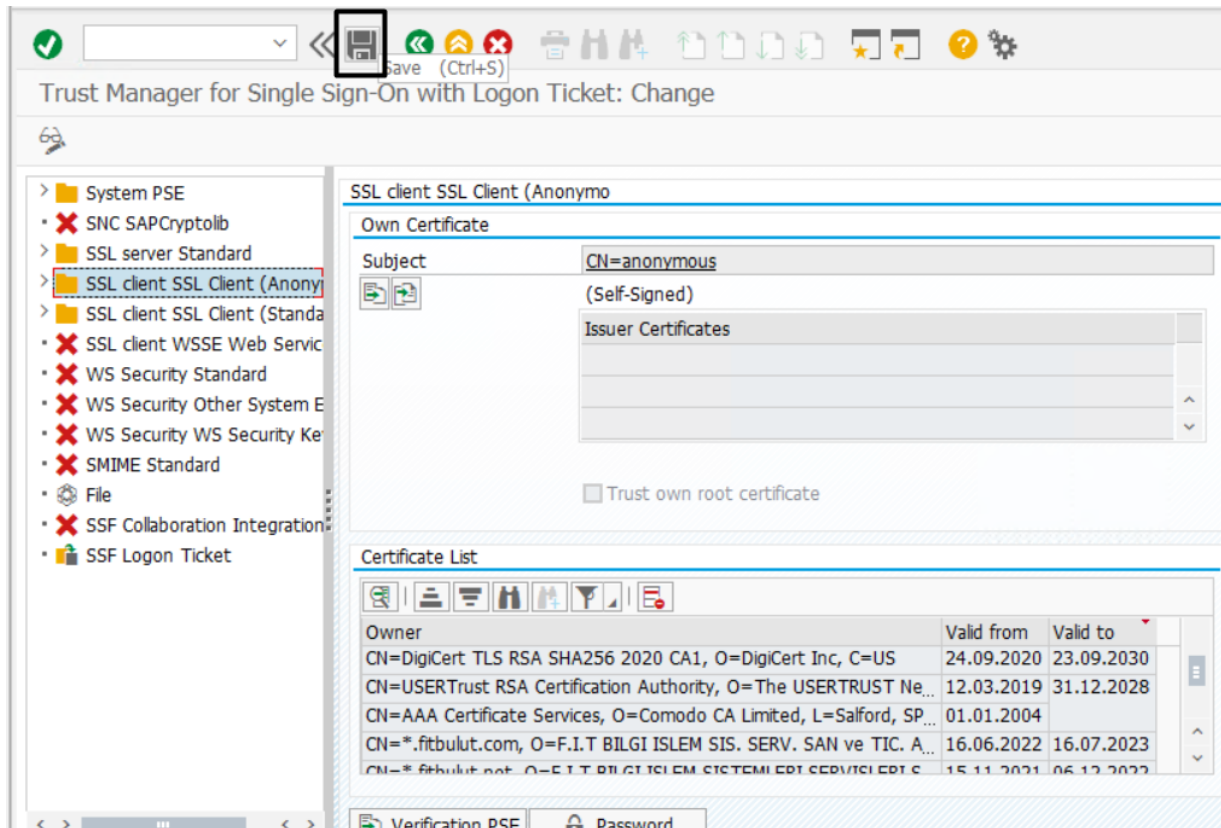

Own Certificate

Subject	CN=anonymous
(Self-Signed)	
Issuer Certificates	

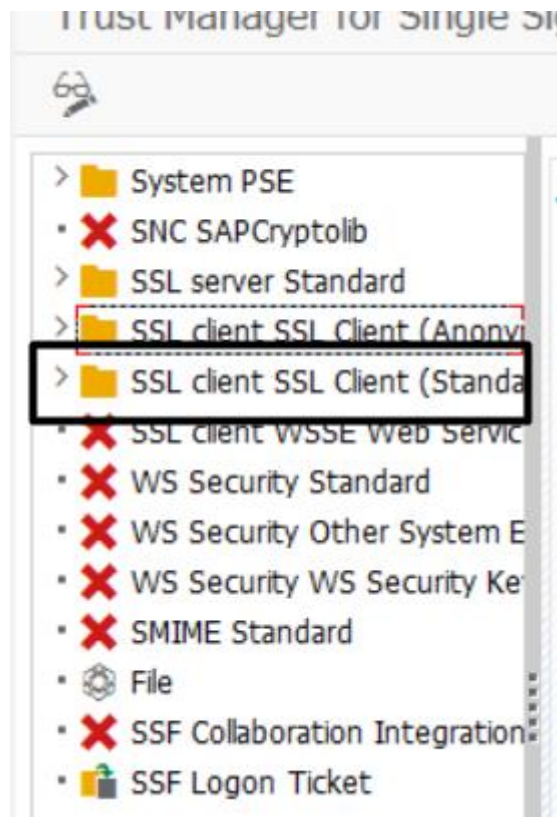

☐ Trust own root certificate

Certificate List

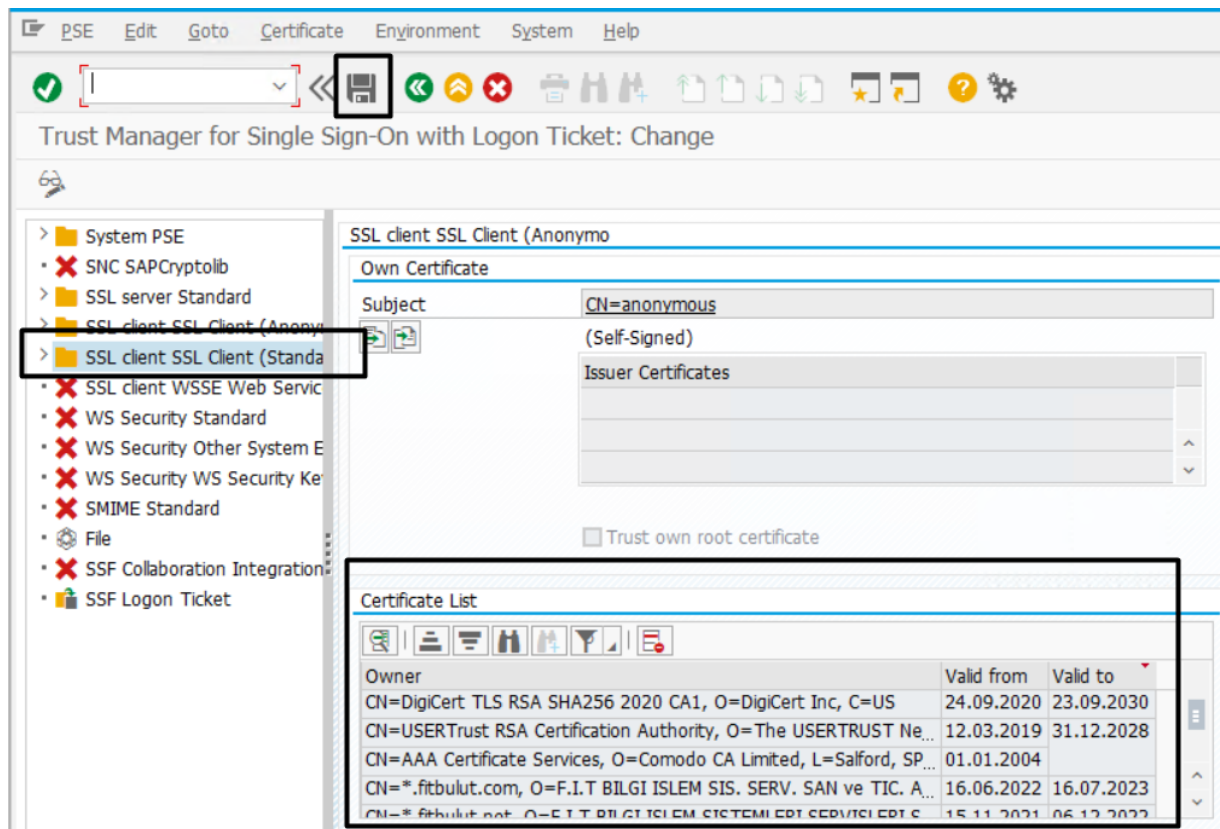

Owner	Valid from	Valid to
CN=DigiCert TLS RSA SHA256 2020 CA1, O=DigiCert Inc, C=US	24.09.2020	23.09.2030
CN=USERTrust RSA Certification Authority, O=The USERTRUST Ne...	12.03.2019	31.12.2028
CN=AAA Certificate Services, O=Comodo CA Limited, L=Salford, SP...	01.01.2004	
CN=*.fitbulut.com, O=F.I.T BILGI ISLEM SIS. SERV. SAN ve TIC. A...	16.06.2022	16.07.2023
CN=*.fitbulut.net, O=F.I.T BILGI ISLEM SISTEMI ERT SERVISELER S...	15.11.2021	06.12.2022

SSL client SSL (Standard) by selecting the import process is done in the same way.

After the registration process is completed and all three certificates are listed in the Certificate List section, click Save button.

5. ICM Service restarts.

Stcode-> SMICM code is entered. The ICM is restarted from the Administrator tab as follows.
